Summary

My name is Huipu Xu. I come from Luoyang that is in North of China. I had been living in Corvallis for 3 years. During this period, I earned my master's degree in Computer Science (also Minor in Business & Entrepreneurship) from Oregon State University in 2017. I'm a self-motivated learner, I like to learn new things in my spare time by myself. I can work alone efficiently and work well on a team.
